Kedainiai, 16 November 2010, No. D-11/11 29

Dear Madam,

We refer to your letter dated 6 September 2010 regarding Lifosa's imports from occupied Western Sahara. Please find below answers to questions raised by you in your letter.

- 1) Does Lifosa today have a trade agreement with Moroccan state phosphate company OCP for purchase of phosphates with Western Sahara origin?**

Lifosa does not have a long-term agreement with OCP. The agreements are signed quarterly and particular supplies are agreed upon via email.

- 2) If yes, when was the agreement signed, and when does it expire?**

Currently, Lifosa does not have a signed agreement with OCP. The parties act in accordance with email agreements.

- 3) How many tonnes of phosphates from Western Sahara has Lifosa received in the years 2008, 2009, 2010 under this agreement?**

Lifosa has received the following amounts of phosphates in the years 2008, 2009 and 2010:

2008 - approximately 250.000 mt;

2009 - approximately 120.000 mt;

2010 - approximately 465.000 mt.

- 4) Has Lifosa on any occasion, since the first imports were made, ever consulted representatives of the Saharawis to investigate whether the imports are to the wishes or interests of the Saharawis?**

No.

We hope that our answers were useful to you.

Kind regards,

Jonas Dastikas
