Mr. Erik Hagen
Western Sahara Resource Watch ("WSRW")

Re: 3D Seismic Reconnaissance Survey

Dear Mr. Hagen,

BGP has received your recent letter regarding seismic vessel operations being conducted by the BGP vessel BGP Prospector in waters offshore Dakhla. We take this opportunity to respond to your inquiries.

You have asked what kind of activities the BGP Prospector is carrying out and on behalf of whom these activities are being undertaken. We respectfully advise that the BGP Prospector is carrying out a 3D seismic reconnaissance survey ultimately on behalf of Office National Des Hydrocarbures Et Des Mines (ONHYM) and the Company TOTAL, under permissions granted by ONHYM. The seismic data acquired pursuant to these activities will accordingly be owned by ONHYM.

Yours truly,

Signed by:  _____
