1000 MW MOROCCAN INTEGRATED WIND ENERGY PROJECT

Notice of Prequalification

INVITATION FOR SUBMISSION OF EXPRESSION OF INTEREST AND REQUEST FOR PREQUALIFICATION OF COMPANIES AND CONSORTIA N° SP 40 311

In the framework of the 1000 MW Moroccan Integrated Wind farm Program which aims (i) the production of electricity using wind energy, (ii) the promotion of a national wind industry and (iii), the establishment of a local high level of expertise and strengthening research and development so as to allow Morocco to master the technological process which has great potential for the improvement of the national economy, the Office National de l'Electricité (ONE), through this Invitation for submission of Expression of Interest, intends to select a list of companies and consortia to which ONE will address the tender for the development, design, financing, construction, operation and maintenance of five wind farms with a total capacity of 850 MW "The Project".

In addition to the development of five wind farms above (850 MW), the Project includes also the provision and maintenance of equipment necessary for the realization of an additional 200 MW wind farm.

The 850 MW wind project will be structured under a "Build Own Operate Transfer" scheme and through public-private partnership where ONE, "Société d'Investissement Energétique" (SIE) and Hassan II Funds will enter in a partnership with the strategic partner presumed contractor at the end of the bidding process.
