SALE OF GAS FROM STENGUNGSUND, SWEDEN

Ladies and Gentlemen,

I am responding to your letter dated 12 May 2020 regarding the sale of gas. Thank you for your efforts to share your concerns with us.

The related product was sold FOB to a customer in the United Kingdom and we had no information of the port of final destination, as it is common practice in our business. However, in line with our full commitment to responsible supply chains and ethics, we will in future make reasonable effort to explicitly request the customer to refrain from supplying our products into a port within the territory of Western Sahara, even if it is legally admitted.

Thank you for your understanding.

Best regards,

Alfred Stern
CEO
